Deputy Chief Executive

5.5 Code of Conduct - A letter was read by the Chairman of the Standards Committee Anglesey Council stating that the Council had organized training on the Code of Conduct last year . The committee was very disappointed to note that the Community Council had failed to fill the three places that were being offered . " You will know that it is of paramount importance that the Community Councils , which also fall under the same Code of Conduct as county councilors agree to adhere to it , attend training to ensure adequate understanding of their obligations ; particularly when it comes to complying with statements / contribute in matters where they have a personal interest / prejudicial "In 2014 , the Standards Committee will instead offer training for clerks Community / Town Council in respect of some key areas of the Code of Conduct . The intention is to focus on respect and consideration and interests, with the expectation that the clerks then share the training with their members and will be better placed to advise on the expectations of the Code of meetings Community Council"
